

## TFE70 Product Datasheet

Type: Flush Light  
 Material: Plaster  
 Dimensions: Outer Diameter: 136mm Depth: 80mm  
 Cut Out Aperture: 89mm  
 Recess Depth: 18mm  
 Paintable: No  
 F Mark: No

This trimless plaster downlight is fitted with an integral non-maintained emergency pack. The luminaire features a circular opening, leading to a shallow recess. This offers the most discrete possible aesthetics for emergency lighting.

When installed, the bond between luminaire and wall/ceiling is completely trimless and seamless and not prone to hair line cracking along the installation lines. This is achieved by using a material with a rate of expansion and contraction matching that of gypsum pl...
